DETAILED ACTION

Election/Restrictions

1. Applicant's election of Group III, claim 25 in the reply filed on March 17, 2010 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 1 – 24 and 26 – 50 are withdrawn as being drawn to non-elected subject matter.
Claim 25 has been considered on the merits.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 25 is rejected under 35 U.S.C. 102(b) as being anticipated by Ajami et al. (WO 01/24793).

Ajami teaches a method for treating and reducing ischemia and reperfusion injury (p.2-3) comprising administering ethyl pyruvate (p.7-8), in amounts effective to achieve the desired effect (p.8-9, claims).

The reference anticipates the claimed subject matter.
